Hello Brad,

1) Could you please contact your Dray trucker " Road One " immediately regarding ZCSU6828672 ? As per WBCT terminal, the " Road One " driver might not out gate properly and that is why WBCT is still showing inside terminal and waiting for schedule pick up and Demurrage has starting occurred today \$245.

*" This container is still showing as a load here in the terminal. This container might have been picked up on 12/4. But, the driver might not have out gated properly. You may want to reach out to the trucker(road one)(in copy) to see if they actually picked this up."*

2) Please see below email from WBCT terminal regarding ZCSU6828672.

Appreciated your prompt response.

Thank you!
